General description of work:

Work involves replacement of Interstate 10 (I-10) Citrus Avenue interchange bridge structure overcrossing, widening of Union Pacific Railroad (UPRR) overhead bridge, addition of westbound loop on ramp, realigning and widening other interchange ramps, constructing retaining walls, and reconstructing the I-10 drainage channel.

This is a Federal-Aid project: The contract if awarded, is financed in part by the U.S. Department of Transportation (US DOT). Bidders are required to certify that they meet all federal requirements identified in this IFB, including but not limited to all applicable equal opportunity laws and regulations and state and/or Federal Prevailing Wages.

This project is subject to to Title 49, Part 26, Code of Federal Regulations (CFR) entitled “Participation of Disadvantaged Business Enterprises” in the Department of Transportation Financial Assistance Programs (herein referred to as the “Regulations”). The Regulations in their entirety are incorporated into this IFB by this reference. Bidders are to be fully informed respecting the DBE/UDBE requirements and the Regulations. As required under the Regulations, the Authority has established a **UDBE contract goal of 6.4% for this Project.**

The award of this Contract is subject to receipt of Federal, state or local funds sufficient to carry out the work identified in this IFB.

By order of the Governing Board of the San Bernardino Associated Governments.
